

Technical drawing of a rectangular mesh screen. The main view shows a rectangle with a width of 1.25 and a height of 3.50. A dimension of 15 is indicated at the top left corner, likely representing a mounting offset. A side view below the main view shows the mesh structure, which is a grid of small squares. The side view also indicates a width of 1.25.

Technical drawing of a vertical rectangular object, likely a component of a machine. The drawing shows a side view with a grid pattern on the main body. Dimensions are indicated: a width of 15 at the top, a depth of 70, and a height of 3.50. A small detail view at the bottom shows a cross-section of the object.

Technical drawing of a rectangular mesh screen. The main drawing shows a rectangular frame with a mesh screen inside. The width is dimensioned as 2.60 and the height as 3.50. A detail view at the bottom shows a close-up of the mesh structure, which consists of a grid of small squares. The detail view is dimensioned with a width of 1.50 and a height of 1.50.
